

Shrink Tunnel

Model No	: APT-1810
Voltage	: 380 Vac 3
Machine Dimension	: 1655 x 830 x 1555mm
Tunnel Dimension	: 1000 x 450 x 250mm
Power	: 9.5 kw

- Thermal circulation system using heat integrated design, rapid temperature raise up
- In one heating zone, controlled by SSR and PID 'OMRON' temperature controller, temperature tolerance +/- celsius
- Adopt metal heater
- Conveyor motor 400w, controlled by frequency inverter, speed adjustable 0-40m/min
- CE certification
